

Review of: "A Method for Discriminating Equities Based on Sustainability Criteria in an ALM Process Designed for Practitioners"

Shafiqur Rahman

Potential competing interests: No potential competing interests to declare.

Your manuscript needs to address and improve the following points:

Overall, it is a good piece of work, thorough, and addresses the research objectives. The following areas can be improved.

1. **Title Suggestion:** Enhancing Asset-Liability Management: A Practitioner's Guide to Equity Selection Using Sustainability Criteria.
2. **Real-World Implications Analysis:** Needs to add the practical implications, limitations, and recommendations.
3. **Conclusion Focus:** The conclusion should summarise the whole article, including indicating the results, rather than justifying the methods.

I recommend accepting this article for publication.
