

Review of: "Flavocillin: a potent TrxR and OATP inhibitor"

Sajal Halder

Potential competing interests: No potential competing interests to declare.

1. Kindly elaborate the abstract on what procedure you have worked on.
2. Method section is not well written. Kindly add all the softwares you have used.
3. Kindly validate the docking protocol.
4. Kindly use at least a simulation software to validate the docking confirmation with ligands.
5. Add good quality pictures in the result section
6. Add conclusion.
