

Review of: "Assessment of Microbiological Quality, Phytochemicals, Trace Elements and Proximate Analysis of Bio-Clean II Herbal Remedy"

Ali Sami Dheyab

Potential competing interests: The author(s) declared that no potential competing interests exist.

The author made a great job.

COMMENTS :

1. **Abstract :** should be rewrite again to be more clarify for reader and should be insert one sentence for background study .
2. **Material and Methods :**
 - Kindly separated the material from method by head line and subhead line.
 - Kindly mentioned the herbarium no. or plant specimen no. from where collect the plant material is collected.
 - Statisical analysis is missing
1. **Results and discussion:**
 - The authors more elaborate the discussion part, still lacking.
1. **References :** Deeply elaborate papers reduction and consider changing papers older than 8-9 years with ones in the period of five years.
2. **Needs revision for sentence formation in English language. In many places.**
