Potential competing interests: No potential competing interests to declare.

1. Title of the article does not seem to match the purpose of the study.
2. In the abstract, the purpose of the study was not clearly written.
3. Section 2.1. Digital Technology and Education Industry: Issues and Challenges - the content written was minimal and no elaboration was given on the issues and challenges faced.
4. The heading An Eye on Africa - how does this title illustrates/explains the issues and challenges of using digital literacy skills among teachers?
5. What is ITU?
6. Section 2.3 An Eye on Other Regions..? A strange heading that does not reflect the content of the article.
7. The Methodology section has to be rewritten.
8. Reporting of the results seem one dimensional and does not follow the APA or the standard format for writing an academic article.
9. There are many language errors that requires editing and proofreading.
