Correction points of the article:

1. The abstract is incomplete and should be rewritten.
2. The introduction section is very weak, and the innovations and gaps in the manuscript are not specified. Previous studies in this area have not been reviewed, and there is a lack of references in this area.
3. The caption of Figure 1 is not complete; the legend for Figure 1 is in the wrong place.
4. The Method section is weak and needs additional references.
5. The legends in Figures 2 and 4 are not in the right place.
6. Figure 3 is missing.
7. Only observations are stated, and the discussion section needs to be rewritten.
8. Up-to-date references should be used in different parts of the study.
9. The grammar section is very weak, and the entire text should be revised.
