GAIA Level 4 Second Trimester Spontaneous Abortion

National Cancer Institute

Source

National Cancer Institute. *GAIA Level 4 Second Trimester Spontaneous Abortion*. NCI Thesaurus. Code C128783.

GAIA Level 4 Second Trimester Spontaneous Abortion is defined by two criteria: first, it does not qualify as either a Level 1 or a Level 2 Second Trimester Spontaneous Abortion; second, a maternal self-report or documentation in the medical record of a pregnancy loss without sufficient ultrasound or laboratory evidence to confirm.
