Potential competing interests: No potential competing interests to declare.

The article is acceptable after the revision.

There is no herbarium number for the plant.

The author should not write personal pronouns such as we, our, etc.

Plant names should be written in italic.

It is not clear how the author made the dry extract. Did the author use a rotary evaporator for the extraction?

It is better to indicate the chemical composition of the extract by GC-MS or LC-MS.
