

# Review of: "Digital Mapping of Resilience and Academic Skills in the Perspective of Society 5.0 for Higher Education Level Students"

Andiyan Andiyan

Potential competing interests: No potential competing interests to declare.

- 1.The research objectives are not yet clear in the abstract
- 2.Conclusions are not yet specific to the research results
- 3.The results of data processing will be more interesting if they are made into a diagram so that the effect of the data processing results can be seen.
- 4.What is the strategy to make online learning but feel offline so that it has an optimal and effective learning.
