Hepatocellular Carcinoma by BCLC Stage

National Cancer Institute

Source

National Cancer Institute. *Hepatocellular Carcinoma by BCLC Stage*. NCI Thesaurus. Code C115132.

A staging classification system for hepatocellular carcinoma that uses variables related to tumor stage, liver functional status, physical status, and cancer-related symptoms, and links the stages with a treatment algorithm. (HPB (Oxford) 2005; 7(1):35-41)
