

Review of: "Performance Evaluation and Analysis of Electric Vehicle Parameters – A Test Bench"

Abhilipsa Sahoo

Potential competing interests: No potential competing interests to declare.

1. The novelty of the work must be clearly addressed and discussed, compare your research with existing research findings and highlight novelty, (compare your work with existing research findings and highlight novelty).
2. The main objective of the work must be written on the more clear and more concise way at the end of introduction section.
3. Introduction section must be written on more quality way, i.e. more up-to-date references addressed. Research gap should be delivered on more clear way with directed necessity for the conducted research work.
4. Each subsystem of the complete model have to be provided in the manuscript.
5. Conclusion section is missing some perspective related to the future research work, quantify main research findings.
