Evaluation Feedback

| | Sections | Comments |
|---|-----------------------|--|
| 1 | Introduction | Support your arguments with citations and empirical evidence beyond just narrations |
| 2 | Literature | Critically analyse and synthesize your arguments in the literature beyond just the narration of the potential of consumer cooperatives. What are the gaps in literature that you are trying to address, and what is your study adding to literature? No theoretical support provided to the study |
| 3 | Methodology | Philosophical assumptions and research design must be supported by empirical evidence |
| 4 | Results & discussions | No qualitative results seen, and the descriptive discussion of quantitative results is not supported by literature. |
| 5 | Conclusions | No policy and practical recommendations provided |
| | Overall | The research concept is good but requires additional scientific writing rigor. |
