Center for Devices and Radiological Health

National Cancer Institute

Source

National Cancer Institute. *Center for Devices and Radiological Health*. NCI Thesaurus. Code C82670.

The Center within the Food and Drug Administration that is responsible for regulating firms who manufacture, repackage, relabel, and/or import medical devices sold in the United States. In addition, it regulates radiation-emitting electronic products (medical and non-medical) such as lasers, x-ray systems, ultrasound equipment, microwave ovens and color televisions.
