Thank you for inviting me to review this article.

Sections 2.2 and 3.2 need introductions and suggestions. Which compound would be effective on lung cancer? Is it all, or maybe there is the most effective compound? Kindly inform at the end of the paragraph to make the information more comprehensive.

Authors should consider adding the table and figure. In the conclusion, the author does not clarify which one is the best mechanism of action of TCM and what ideas for the in-depth application of TCM for intervening in lung cancer.
