

# Review of: "[Review] Optimizing Wastewater Treatment Performance System and Achieving Greater Efficiency to Improve Water Quality for Sustainability — A Review"

Hizbullah Rahmani

Potential competing interests: No potential competing interests to declare.

1-In 3.1.3 there is no information about negative impacts of treated wastewater on human health you only mentioned the positive impacts on agriculture.

2-3.1.2 Domestic wastw. In this title you talk about domestic wastewater not about waste.so the title should be change to domestic wastewater.

3-wastewater treatment methodologies

Under this title should bring all methodologies not in sparet titles such as 3.1.3 coagulation,membrane again in 3.3.4 you wrote methods to treat water.

4-It is very important to add information about the sustainability the methods mean which system is more sustainable for wastewater treatment.
