

Review of: "Contentious Biometric Voters Registration and Democratic Politics under COVID-19: The Myth of 'Social Distance' in an African State?"

Fisayo Kaka

Potential competing interests: No potential competing interests to declare.

The article is informative. However, there are a few things to consider:

1. Use unbiased language when discussing the opposing party's points of view.
2. Add extra statistics from credible sources to back up your points.
3. A comparative analysis with similar examples in other countries, highlighting differences and lessons learnt, can improve the study.
