**Potential competing interests:** No potential competing interests to declare.

1. The specific comments are written in the supplementary Word file.
2. The arguments need sufficient support from more sources or empirical material, together with some strong arguments and/or generalizations.
3. As a whole, the statistical analysis is sufficient; but the other parts need to be evaluated and improved.
4. Check of English language or proofreading must be done.
5. Adding more recent publications is a must.
