Potential competing interests: No potential competing interests to declare.

This article needs to be rewritten. Without major revision, the paper cannot be accepted for publication in any reputational international journals. The reasons for this include as follows.

Abstract : needs to explain the urgency and the rationale of the study. Also, the results of the study.

Introduction : needs specifically to explain the important of the study followed by the research gap and the novelty of the study.

Methods: needs to provide detail how the research questions were examined (data source, and method of analysis to examine the research questions.

Results and Discussion: need be written systematically based on the research questions and explain what data and method of analysis to examine the questions. This is then followed by the discussion using the previous studies.

Conclusion: please conclude based on research questions followed by study recommendations and the limitations of the study if any.

Hope these brief suggestions are useful to improve the paper in better shape.

All the best.
