

Review of: "International Clinicians and Academics Supporting the Refugee Journey- A Personal Experience and Perspective"

Prof. Ihab Sawalha¹

¹ American University of Madaba

Potential competing interests: No potential competing interests to declare.

The article has improved theoretically and also from a practical perspective. The practical experience of the author and its influence on the discussion are very clear in the paper, which is considered significant. The reflection on the Sustainable Development Goals has also been included in order to show how the paper contributes to the achievement/implementation of these goals at the present time and in the future. I therefore recommend publication of this paper in its current form. Good luck.
