Potential competing interests: No potential competing interests to declare.

My comments on the manuscript entitled "Unravelling the Phytochemical and Pharmacognosy Contour of Traditional Medicinal Plant: Pterocarpus Marsupium Roxb" are listed below:

\*In the title and the manuscript, *Pterocarpus marsupium* should be written in italic.

\*"*Pterocarpus marsupium*" should be added to the Keywords section.

\*The family name of *Pterocarpus marsupium* should be indicated as Leguminosae or Fabaceae.

\*The title of the section "Antibacterial and antimicrobial activity" should be corrected as "Antimicrobial activity".

After minor revision, the manuscript could be accepted for the publication.
