Dear author

The research topic is interesting to me, but I have some important feedback about your paper.

- 1_The summary needs to clarify the terms of the theoretical framework and the research paper results .
- 2_The results do not deserve to be stated.
- _Current housing challenges in Uganda
- _Impact analysis: The social and economic situation of inappropriate housing
- 3_It is best to add a table containing the items of the theoretical framework extracted from the literature review.
- 4_The research methodology and method of measurement are not clear.
- 5_The results are subjective.

With best wishes,
