Potential competing interests: No potential competing interests to declare.

- The abstract is too long and the beginning part should be reduced a bit
- The introduction section should have a proper justification for undertaking the research, thus consider including knowledge gap
- Significance/contributions of study should be briefly mentioned at the ending of the Introduction section
- The majority of Section 2.2.2 had all its citations from Reference 15. Authors are encouraged to include citations from other sources if possible
- Numbering of Methodology heading should be 3 and not 2
- There was no citations/references for section 3 (Methodology) apart from Reference 17
- Results section heading should be 4 and not 3
- Check the numbering of tables and figures in the manuscript. Should be in the order of 1, 2,3 etc and not 4.1, 4.2, 4.3 etc
- Conclusions and policy implications heading should be numbered as 5 and not 4
- Conclusion section should clearly indicate the implications/significance of the study
