# Discussion Regarding the Termination of Pregnancy Due to Cancer Diagnosis

National Cancer Institute

## Source

National Cancer Institute. *Discussion Regarding the Termination of Pregnancy Due to Cancer Diagnosis*. NCI Thesaurus. Code C137831.

Discussions between a physician and a pregnant cancer patient regarding the effects of anticancer drugs on the developing fetus or the possibility of long-term complications after the exposure to drugs and radiation, as well as complications to treatment, with the goal toward deciding if the pregnancy should be terminated.
