Review of: "Exploding AI-Generated Deepfakes and Misinformation: A Threat to Global Concern in the 21st Century"

Ashlesha Hota

Potential competing interests: No potential competing interests to declare.

1. The article has a good coherence. However, the inclusion of figures could enhance the readability of the paper.

2. The author must explain how AI tools and frameworks work in generating fake images, merely pointing out the models may not suffice.
