

Review of: "COVID-19 or Russia-Ukraine conflict: which is informative in defining the dynamic relationship between Bitcoin and major energy commodities?"

Khalid Khan

Potential competing interests: No potential competing interests to declare.

I have some suggestion or the improvement of this paper. i recommend minor revisions.

- 1. the abstract is too lengthy.
- 2. Lack of research gap and contribution.
- 3. Why two introductions?
- 4. Why used this econometric method and reason of data frame
- 5. Lack practical policy implications
- 6. Need to reorganize the entire paper.
