Potential competing interests: No potential competing interests to declare.

Abstract is expected (Scientific Problem, Aim, Method, Results, Conclusion) please adequatE.

Introduction is expected (Problematic, Scientific Problem, Aim) please adequatE.

Method must ensure repeatability and reliability please adequatE.

How can other researchers repeat the research?

How are the themes coded? Was it defined a priori or a posteriori? Please provide the step-by-step. The method must be crystal clear.

Do the themes are supported by the literature?

The discussions are narrow.

The conclusions are also narrow; please go deeper. What is the novelty? What is the value to the area? To the market? To the community?
