Malignant Lymphoma, Non-Cleaved, Diffuse

National Cancer Institute

Source

National Cancer Institute. *Malignant Lymphoma, Non-Cleaved, Diffuse*. NCI Thesaurus. Code C27266.

Antiquated term for diffuse non-Hodgkin lymphomas composed of non-cleaved cells. The vast majority of cases are mature B-cell lymphomas (Burkitts or diffuse large B-cell lymphomas).--2004
