

Review of: "Human Rights Aspects in Infrastructure Projects in the President Regulation Number 120 Year 2022"

Dewi Kurniasih¹

¹ Universitas Komputer Indonesia

Potential competing interests: No potential competing interests to declare.

The abstract does not yet show the problems, methods, and theories used.

In the introduction, the problem has not been shown with existing factual data as a result of the implementation of this regulation.

It would be more interesting if the discussion described human rights violations in Indonesia.
