# Affenpinscher

National Cancer Institute

## Source

National Cancer Institute. *Affenpinscher*. NCI Thesaurus. Code C53933.

The Affenpinscher is a small dog with a harsh, shaggy coat, and longer hair all over the face. The coat is usually black or dark gray, but tan and red are also possible. It is a smaller version of a working terrier. Height: 10-15 inches (25-38 cm.) Weight: 7-8 pounds (3-3.36 kg.)
