Potential competing interests: No potential competing interests to declare.

1. Improve the clarity of the objectives and rationale of the study.
2. Please include the reasons for using this method in study? Also describe the objectives to be achieved from the use of qualitative method?
3. Author(s) must conclude what was obtained from the qualitative research not just the interpretation of the qualitative data obtained. The author(s) have not discussed this matter sufficiently.
4. Add a table the offer a summary of the main themes and conclusions.
