

Review of: "Expectation of Life at Birth by Sex and Area of Residence in India and Bigger States/UT's (2013-2017): A Review"

Amrita Gupta

Potential competing interests: No potential competing interests to declare.

1. The abstract can be improved and should include the subheads: Background, Data and Methods, Findings, and Conclusion.
2. Rationale for the study can be added.
3. The Methodology section can be elaborated.
4. The source for the table should be mentioned below the table.
