

Review of: "The Role of Green Legacy in Promoting Sustainable Development and Combating Climate Change"

Yericho Berhanu

Potential competing interests: No potential competing interests to declare.

1. Title

Good and clear

1. Abstract

- a. The extended justification of the background information in the abstract sections should be minimized
- b. Repeated information shall be removed

1. Introduction

- a. The content is good, yet please stick in the following comments
- b. Consistency in referencing style is required. Please check all references are cited to the standards of the journal.

1. Objectives

The objectives are clear

1. Literature review

- a. Please confirm that you have consent/ agreement to present the photos of the individual presented in the manuscript.

1. Conclusion

The summary information in the conclusion section should be avoided, while you have to focus on a concise conclusion.

General comments

The paper needs major revision for acceptance.
