

Review of: "Women in Slum, Risking Their Safety to Access and Usage of Basic Sanitation Facilities-A Literature Review"

Debarati Chowdhury

Potential competing interests: No potential competing interests to declare.

- 1.The introduction section seems a bit outdated works. As the paper deals with the..... thus it is suggested to update the introduction section based on the latest works .
- 2.The citations are quite less in this section that's why it is suggested to add more in-text citations.
- 3.Add the DOI number in the references.
- 4.What is the uniqueness of the current research? the discussion segment is general try to bring the uniqueness in that portion.
