Potential competing interests: No potential competing interests to declare.

1. This manuscript needs English grammar revision.
2. The manuscript needs abbreviations.
3. Delete the older references from before 2010 and cite newer ones.
4. The results need a more scientific statistical analysis.
5. Some data needs to change to table (Figure 2).
6. The results need to be compared with previous studies well.
7. The discussion lacks citations.
8. The references need to be designed according to the journal's guidelines, delete older references from before 2010, and add DOIs to all the references.
