[http://You tried to identify the major macro-economic problems that are encountered by everyone in day to day activities in Ethiopia. However, the title of the review indicated about the crisis but the whole part of the review deals about figures and facts about these macro variables. It is not in-depth. What are the crises, what are causes for these problems \(supply and demand side factors\) for each variable? If should give answer for these types of questions. Please incorporate recent articles; you can use systematic review or meta-analysis instead of literature review. Abstract section lacks sense due to some phrases.](#)
