Abstract:

In the objectives, please insert 'in' before 2022 in the statement 'Debre Tabor Comprehensive Specialized Hospital, Ethiopia, 2022'

Background:

The background would benefit from the inclusion of the dates when the studies cited were carried out to amplify the timeframe referred to in the study.

On page 3, please reference the study carried out in Ethiopia in the last paragraph.

Conclusion and recommendations:

There is no benchmark to indicate if the study participants had good knowledge and practices.
