thank you for your invitation to review this research:[Non-dimensionalization of the Compressible Navier-Stokes Equation by Pressure Wavelength and Period revealing its Singularity](#) I suggest a few revisions as follows:

1. add keywords
2. the introduction must be enriched and advanced, revealing the novel's methods and including a more comprehensive literature review.
3. as mentionned by the other reviewers: the source of auations 1 and 2
4. for the results, synthesize the principal outcomes of your investigation emphasizing their significance for the domain that you treated
5. in the conclusions, state clearly the gaps that your research covers
6. check that all the references are consistenly worded and provide all required citations.
