Potential competing interests: No potential competing interests to declare.

Since this research article has some problems and editing errors also, this research article should have to revise before the publication of one of research articles in international journal(s).

Please refer followings

[Major reversion]

1) Title

Please use more simple and specific title in order to understand easily.

2) Keywords

Please use only 5 important terms for "Keywords".

3) Objective(s)

Author(s) need to show more specific contents, objective(s) based on the viewpoint of globalization.

4) Discussion

Please add "Discussion" part in the main contents of this research article.

5) Conclusions

I think that these contents look like just summary of experimental results.

Author(s) need to consider that why is this research important.

Thus author(s) need to show their originality, understandings in "Conclusions" and also to add the applicability of this research.
