## Abstract

The abstract should be rewritten (add sentences to indicate the importance of the study and reduce the general ideas from bibliography)

## Introduction

Reorder the ideas to reduce redundancy

Add more relevant references

## Agricultural Targets

The section is well written however to get insights about the ideas given in the section the authors may use:

Synthetic figures, tables or illustrations to get more insights about the inter-related factors, degradation process, management, ....

A synthetic paragraph about the limits ) of the adopted strategies that can be used as a baseline study for the further management processes

## Environmental Outlook for Turkish Agriculture

This section should be carefully rewritten (repetition, no organization, ideas without coherence, advances and relevance, ...)
