Thank you for consideration of reviewing the article entitled "Ayurveda & Bioactives as Adjuvant for Dna Modulation in Cancer Treatment & Adverse Drug Reaction [ADR] – A Glimpse of Traditional Indian Nanotechnology."

Before publication, it needs to be revised, and the comments are as follows:

1. Please add the mechanisms of Curcumin, Quercetin, and Tulsi.
2. Please add more citations or expand the introduction part.
3. What is the importance of the review? There are also other bioactive compounds to investigate. Why did the authors choose these, and there are several already published reviews regarding the pharmacological importance of curcumin and quercetin ?
4. Please represent data in graph or table forms.
