The article presents an engaging topic, but there are several areas that could benefit from improvements. I have outlined my suggestions below:

1. The title appears to be unrelated to the content of the article. It would be helpful to revise the title to more accurately reflect the subject matter.
2. It is essential to provide proper in-text citations for the references used throughout the article. This will help establish credibility and allow readers to easily locate the sources of the information presented.
3. The current organization of the article contains unrelated information within individual topics. To enhance clarity and coherence, it would be advisable to revise and restructure these sections, ensuring that the information is well-organized and relevant to the respective topics.
