

# Review of: "Assessing Sex Education Awareness Among Higher Secondary School Students in India"

Joseph Kai Man Kam

**Potential competing interests:** No potential competing interests to declare.

The abstract did not contain any findings/ results, and seemed to be copied-and-pasted from a previous un-edited submission.

All results should have absolute numbers, as well as percentages.

There were only 5.2 questions, but eleven recommendations. So, most of these recommendations are outside scope of survey questionnaire.
