

Review of: "SUDA energy autárkeia system"

Rachid El Bachtiri¹

¹ Université Sidi Mohammed Ben Abdellah

Potential competing interests: No potential competing interests to declare.

All my remarks are already done by my colleagues:

Introduction, where the review can be launched, is missing. So, novel insights into the existing research and research contributions are not presented.

The conclusion, which summarizes the main results, is not given.

Just a small addition: If you use acronyms, please define them beforehand; example: BDM on page 2.
