

Review of: "Web-Based Crime Management System for Samara City Main Police Station"

Mirosław Siergiejczyk¹

¹ Technical University of Warsaw

Potential competing interests: No potential competing interests to declare.

The article is devoted to issues related to the implementation of the project to develop an online crime management system for the Chief Police Station in Samara.

The article is typically utilitarian in nature.

Lack of analysis of the state of the art in the subject area of the paper. It is essential that references are updated to reflect current and latest information.

There is no information about a comprehensive methodology for testing user pages. This defect poses a potential risk to system availability.
