

# Review of: "Bent Functions and Strongly Regular Graphs"

S. Shivaprasada Nayaka

Potential competing interests: No potential competing interests to declare.

## **Review Report:**

**Title of the paper: Bent Functions and Strongly Regular Graphs**

**Authors: Valentino Smaldore**

**Recommendation to Editor: Major revisions required**

I would like to point out the following observations:

- 1) The literature review of the research topic is not up to date.
- 2) Some typographical errors occurred in the definitions.
- 3) Provide examples of each definition.
- 4) Definitions and theorems need further clarification.
- 5) The conclusion of the paper and future works were not disclosed.
