

Review of: "Cloud Computing Paradigm in Academics"

Dr. Hala Al-Baroodi

Potential competing interests: No potential competing interests to declare.

- 
- 1- Provide a problem statement well connected with recent cited literature.
 - 2- Provide research objectives/questions based on the same
 - 3- Critique literature effectively rather than just stating references
 - 4- Provide the research method protocol for the study for repetition purposes.
 - 5- Conclusion is poorly drafted improve the same and should take into consideration above comments.
