Potential competing interests: No potential competing interests to declare.

- 1- It is suggested to start with mycetoma in the introduction section
- 2- 2- It is recommended to mention the name of the software in the explanation section below Fig1.
- 3- It is suggested to use the graph to show the abundance of animals and distribution in countries
- 4- 4- Due to the use of epidemiology in the title of the article, it is suggested to show a summary as a diagram.
