Subglottic Cancer Pathologic TNM Finding v7

National Cancer Institute

Source

National Cancer Institute. *Subglottic Cancer Pathologic TNM Finding v7*. NCI Thesaurus. Code C89078.

A pathologic finding about one or more characteristics of subglottic cancer, following the rules of the TNM AJCC v7 classification system. The pathologic staging requires the use of all information obtained in clinical staging and in histologic study of the surgically resected specimens. (from AJCC 7th Ed.)
