Potential competing interests: No potential competing interests to declare.

The following points should be incorporated in the paper.

1. Add the latest references related to the study.
2. Modify the Abstract of the paper.
3. The objective of the paper is clearly mentioned in the Abstract part of the paper.
4. Lack of Novelty: Result analysis and conclusion must be rewritten. (Technical and professional way)
5. Add some open research challenges/gaps.
