

# Review of: "A Philosophical Analysis of the Foundational Suppositions in Harm Reduction Theory and Practice"

Thiago Araujo Pinho

**Potential competing interests:** The author(s) declared that no potential competing interests exist.

The paper is interesting and clear. Its structure can be understood from the beginning. And its theoretical discussion is coherent, even though I have my personal disagreements. What is important is that the paper delivers what it proposed at the beginning: "A philosophical analysis of the background of Harm Reduction Theory and Practice"
