Proposed article:

Manuscript Number: 3AQLW.

Title: " Approximate Relationships to Reproduce

the Values of Shell Correction Energy for Fission Fragments".

Authors: Payam Mehdipour Kaldiani

Article Type: Research Paper.

Journal: Qeios.

1. The abstract should be fully revised, and results are to be presented quantitatively (in percent).
 2. The section titled "Keywords" needs a thorough revision and rewriting.
 3. Pictures and charts are all of low quality (resolution) and should be presented better.
-
1. The section titled "SUMMARY" needs a thorough revision and rewriting.
